

HANDS-ON TRAINING ON GRAPH PAD PRISM

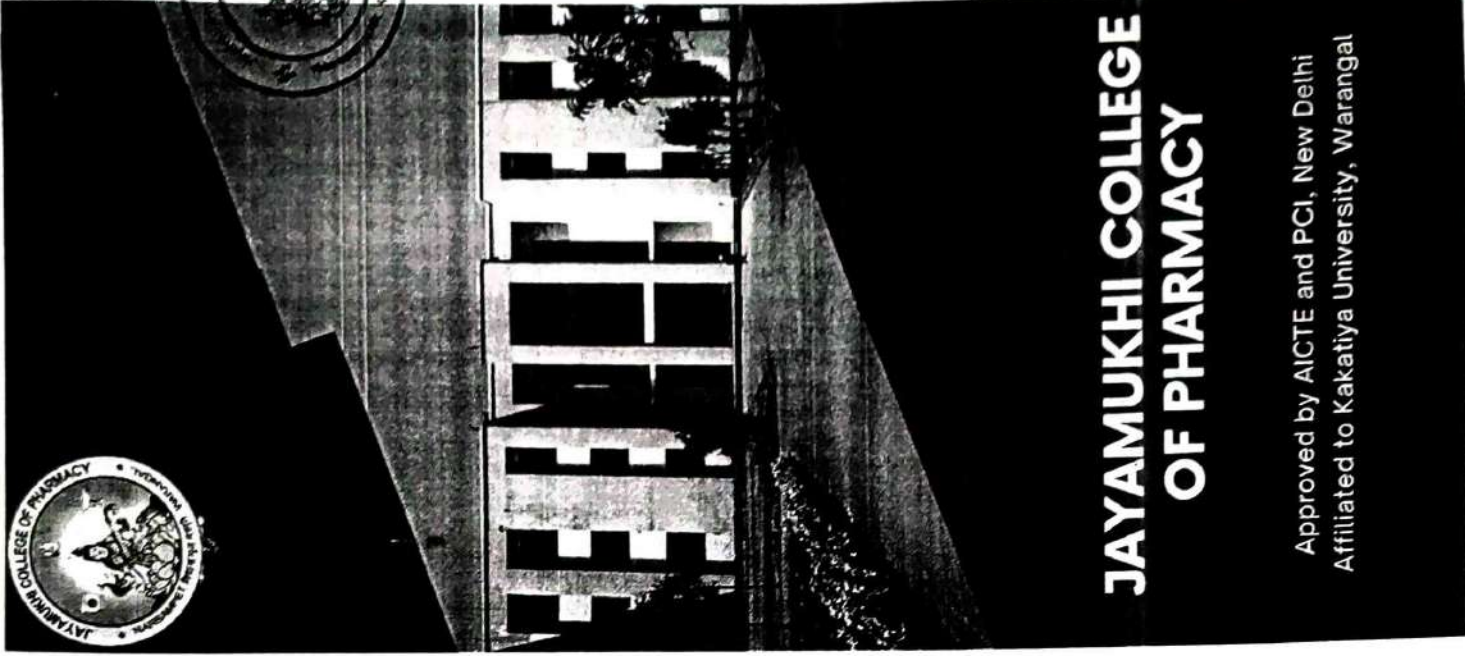

02-07-2018 to 07-07-2018

ABOUT THE INSTITUTION

JAYAMUKHI COLLEGE OF PHARMACY was started in the year 2005 at Narsampet in Warangal District with the approval of AICTE, PCI and affiliated to Kakatiya University. The programmes offered by college are designed by Kakatiya University to incorporate a blend of knowledge, skills, and the right attitude. The syllabus of each programme is designed to enable the students to be at par with the needs of the industry. The college is well equipped with fully ventilated laboratories and class rooms creating conducive academic atmosphere for the students to study, and with necessary amenities for co curricular and extra-curricular activities. The Management has taken care to see that the students are offered with quality education comparable to the very best at the global level. The Management is really overwhelmed with joy that the students going out of the portals of these colleges are well placed in the organizations reputed at global level.

Principal
Jayamukhi College of Pharmacy

JAYAMUKHI COLLEGE OF PHARMACY

Approved by AICTE and PCI, New Delhi
Affiliated to Kakatiya University, Warangal

ABOUT THE WORKSHOP:

GraphPad Prism trainings cover a wide range of topics including biostatistics, dose-response-curves (including non-linear-regression) and scientific graphs. You will learn how to manage experiments, analyze results and create graphs. This workshop makes you aware of an extensive library of analyses from common to highly specific — t tests, one-, two- and three-way ANOVA, linear and nonlinear regression, dose-response curves, binary logistic regression, survival analysis, principal component analysis, and much more that can be performed by Graphpad Prism

Who can attend?

- Students of B. Pharmacy 4th Year; Pharm.D 5th Year & M. Pharmacy (Pharmaceutics & Pharmaceutical Chemistry) 2nd Year

Registration Form

Full Name: _____
 Hall Ticket No: _____
 Course: _____
 Year: _____
 Mobile: _____
 Email: _____

Declaration

The information provided by me is true to the best of my knowledge. I will abide by the rules and regulations governing the workshop.

Date: _____

Signature of the Applicant: _____

Signature of Head of Organization: _____

Registration Fee:

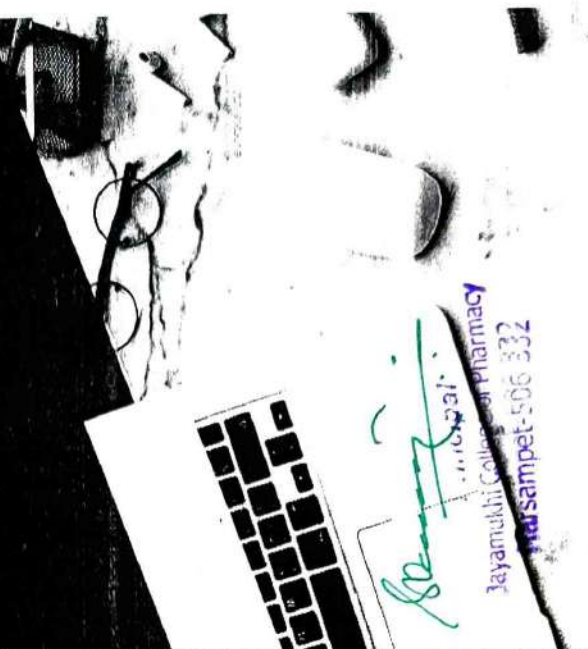

Registration form along with registration fee of Rs.100/- on or before 30.06.2018

Organizing Committee:

Chief Patron: Dr. Ch. Devender Reddy
 Patron: Shri. T.V.R.N. Reddy
 Convener: Prof. S. Vasudeva Murthy
 Coordinator: Ms. Syeda Nishat Fathima

Resource Person:

Renowned Academicians from this field are invited to deliver the lectures along with Hands-on training.

JAYAMUKHI EDUCATIONAL SOCIETY

JAYAMUKHI COLLEGE OF PHARMACY

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 332, (T.S)

Title of the course : HANDS-ON TRAINING ON GRAPH PAD PRISM
Duration : 30 Hours
Date of Commencement : 02-07-2018 to 07-07-2018
Course Co-ordinator : Ms. Syeda Nishat Fathima

CURRICULUM:

- Topic 1: Introduction: Biostatistics, Frequency distribution Measures of central tendency: Mean, Median, Mode
- Topic 2: Construction and labelling of graphs, histogram, pie charts, scatter plots, semilogarithmic plots
- Topic 3: Measures of dispersion: Dispersion, Range, standard deviation Correlation: Definition, Karl Pearson's coefficient of correlation, Multiple correlation
- Topic 4: Regression, Multiple regression, standard error of regression
- Topic 5: Probability: Definition of probability, Binomial distribution, Normal distribution, Poisson's distribution, properties, Population, large sample, small sample,
- Topic 6: Null hypothesis, alternative hypothesis, sampling, essence of sampling, types of sampling, Error-I type, Error-II type
- Topic 7: Level of significance, power of test, P value, statistical estimation of confidence intervals.
- Topic 8: Parametric test: t-test (Sample, Pooled or Unpaired and Paired), ANOVA, (One way and Two way), Least Significance difference
- Topic 9: Non-Parametric tests: Wilcoxon Rank Sum Test, Mann-Whitney U test, Kruskal-Wallis's test, Friedman Test

Principal
Jayamukhi College of Pharmacy
Narsampet-506 332

Schedule

Dates	Session-I (09:30 AM-11:00 AM)	Session-II (11:00 AM- 12:30 PM)	Session-III (01:30 PM-03:00 PM)	Session-IV (03:00 PM-04:30PM)
02-07-2018	Introduction to Biostatistics (Mr. P. Vivek Sagar, Vaagdevi Pharmacy College)	Frequency distribution Measures of central tendency: Mean, Median, Mode(Dr. K. Naresh, Vaagdevi Institute of Pharmaceutical Sciences)	Construction and labelling of graphs, histogram, pie charts, scatter plots, semilogarithmic plots (Dr. K. Shirisha, Vaagdevi College of Pharmacy)	
03-07-2018	Measures of dispersion: Dispersion, Range, standard deviation (Ms. P. Anusha, Jayamukhi College of Pharmacy)	Correlation: Definition, Karl Pearson's coefficient of correlation, Multiple correlation (Dr. S. Pavani, Vaagdevi College of Pharmacy)	Regression, Multiple regression, standard error of regression (Dr. S. Pavani, Vaagdevi College of Pharmacy)	Probability, Binomial distribution, Normal distribution, Poisson's distribution, properties (Mr. K. Jyothi, Jayamukhi College of Pharmacy)
04-07-2018	Null hypothesis, alternative hypothesis, sampling, essence of sampling, types of sampling, Error-I type, Error-II type (Ms. T. Smitha, Jayamukhi College of Pharmacy)	Level of significance, power of test, P value, statistical estimation of confidence intervals (Dr. S. Vasudeva Murthy, Jayamukhi College of Pharmacy)	Parametric test (Ms. M. Nirmala, Jayamukhi College of Pharmacy)	Non-Parametric tests (Ms. B. Mounika, Jayamukhi College of Pharmacy)
05-07-2018	Hands on training on Regression analysis by Graph pad Prism software (Dr. S. Vasudeva Murthy, Jayamukhi College of Pharmacy)		Hands on training on Correlation by Graph pad Prism software (Ms. Syeda Nishat Fathima, Jayamukhi College of Pharmacy)	
06-07-2018	Hands on training on t-test (Sample, Pooled or Unpaired and Paired) by Graph pad Prism software (Ms. Syeda Nishat Fathima, Jayamukhi College of Pharmacy)		Hands on training on ANOVA, (One way and Two way) by Graph pad Prism software (Dr. S. Vasudeva Murthy, Jayamukhi College of Pharmacy)	
07-07-2018	Hands on training on Chi square test by Graph pad Prism software (Dr. S. Vasudeva Murthy, Jayamukhi College of Pharmacy)		Hands on training on non-Parametric tests such as Wilcoxon Rank Sum Test, Mann-Whitney U test, Kruskal-Wallis's test, Friedman Test by Graph pad Prism software (Ms. Syeda Nishat Fathima, Jayamukhi College of Pharmacy)	

Lunch (12:30 PM-1:30 PM)

S. Vasudeva Murthy

SUMMARY:

Hands on training on Graph pad prism for B. Pharmacy 4th year, Pharm.D 5th year & M. Pharmacy (Pharmaceutics & Pharmacology) 2nd year was conducted. A wide range of subjects are covered in GraphPad Prism trainings, such as biostatistics, dose-response curves (including non-linear regression), and scientific diagrams. Students gained knowledge on how to run experiments, analyse the findings, and make graphs. The students learned about a wide range of analyses that Graph pad Prism can carry out, including t tests, one- and two-way ANOVA, Chi square tests, linear and nonlinear regression, dose-response curves, correlation, binary logistic regression, survival analysis, principal component analysis, and many more. This session's use of pharmaceutical issues to analyse various parametric and nonparametric analyses was helpful. 43 out of the 48 participants that signed up for this training finished it successfully.

Course Content:

- Introduction
- Institutional Review Boards
- Informed Consent
- Confidentiality & Privacy
- Participant Safety & Adverse Events
- Quality Assurance
- The Research Protocol
- Documentation & Record-Keeping
- Research Misconduct
- Roles & Responsibilities
- Recruitment & Retention
- Investigational New Drugs

WORKSHOP ON GOOD CLINICAL PRACTICE

27-08-2018 TO 01-09-2018

J. S. Srinivas
Principal
Jayamukhi College of Pharmacy

Organized by
Department of Pharmacology
Jayamukhi College of Pharmacy

Registration Form

Objectives:

The principles of Good Clinical Practice (GCP) help assure the safety, integrity, and quality of clinical trials by addressing elements related to the design, conduct, and reporting of clinical trials. GCP training describes the responsibilities of investigators, sponsors, monitors, and IRBs in the conduct of clinical trials.

GCP training aims to ensure that:

- the rights, safety, and well-being of human subjects are protected
- clinical trials are conducted in accordance with approved plans with rigor and integrity
- data derived from clinical trials are reliable

Who can attend?

- Students of B. Pharmacy 3rd Year; Pharm.D 4th Year & M. Pharmacy (Pharmacology and M. Pharmaceutics) 1st Year

Full Name: _____
 Hall Ticket No: _____
 Course: _____
 Year: _____

Schedule

Dates	Session-I (09:30 AM-11:00 AM)	Session-II (11:00 AM- 12:30 PM)	Session-III (01:30 PM-03:00 PM)	Session-IV (03:00 PM-04:30PM)
08-07-2019	Basic Introduction to ICH GCP & Overview of New Revision(Dr. K. Naresh, Vaagdevi Institute of Pharmaceutical Sciences)	Principles of ICH GCP (Ms. M. Nirmala, Jayamukhi College of Pharmacy)	Institutional Review boards(Dr.C. Srinivas Reddy, Vaagdevi College of Pharmacy)	Roles and Responsibilities of stakeholders: Sponsor, Institution, Investigator, Monitor (Mr. B. Thirupathi, Balaji Institute of Pharmaceutical Sciences)
09-07-2019	Essential Documents: Informed Consent, Protocol and Investigator's Brochure (Dr. E. Venkateshwarlu, Vaagdevi College of Pharmacy)	Confidentiality and Privacy (Ms. M. Rama, Jayamukhi College of Pharmacy)	Current regulatory requirements for conducting clinical trials/ research in India (including Schedule Y) (Ms. T. Smitha, Jayamukhi College of Pharmacy)	Adverse Drug Reactions/Events (Dr. T. Ravichander, Vaagdevi Pharmacy College)
10-07-2019	Participants Safety and adverse events (Ms. Syeda Nishat Fathima, Jayamukhi College of Pharmacy)	Investigator Initiated Studies/Trials (Ms. K. Jyothi, Jayamukhi College of Pharmacy)	Serious adverse events Reporting (Dr. T Prathyusha Rani, Vaagdevi Institute of Pharmaceutical Sciences)	Safety Reporting in Regulatory/Nonregulatory Trials and Compensation Issues (Ms. M. Madhavi, Vaagdevi College of Pharmacy)
11-07-2019	Quality Assurance Strategies in GCP (Dr. B. Naveen Kumar, Jayamukhi College of Pharmacy)	National ethical guidelines for biomedical and health research involving human participants by ICMR (Mr. B. Thirupathi, Balaji Institute of Pharmaceutical Sciences)	Ethics Committees: Accreditation & Recognition (Dr. E. Venkateshwarlu, Vaagdevi College of Pharmacy)	Research protocol (Ms. M. Rama, Jayamukhi College of Pharmacy)
12-07-2019	Documentation & Record-Keeping (Ms. B. Mounika, Jayamukhi College of Pharmacy)	Recruitment of participants (Mr. Wajid Ali, Jayamukhi Institute of Pharmaceutical Sciences)	Retention of participants (Dr. B. Naveen Kumar, Jayamukhi College of Pharmacy)	Audit & Inspection (Dr. B. Chandrashekhar, Vaagdevi Pharmacy College)
13-07-2019	Investigational Product – Accountability (Dr. T. Ravichander, Vaagdevi Pharmacy College)	Consequences of GCP non-compliance (Dr. P. Srikanth, Vaagdevi Pharmacy College)	Difference between ICH and FDP (Mr. M. Sunil, Jayamukhi Institute of Pharmaceutical Sciences)	Difference between Indian GCP and ICH GCP(Dr. B. Chandrashekhar, Vaagdevi Pharmacy College)

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 332, (T.S)

LEARNING OUTCOMES:

Upon completing this course, the student will be able to:

- Awareness towards principles of GCP, roles and responsibilities of various stakeholder involved in a clinical research/trial
- Understand current ethical and regulatory requirements for conducting clinical research/trial in India
- Aware of the national ethical guidelines for biomedical and health research involving human participants by ICMR
- Understand various requirements for seeking accreditation/registration of ethics committees
- Understand that by seeking compliance to GCP they can give public an assurance that the rights, safety and well-being of human participants are well protected and the data from the study results are credible and accurate.

SUMMARY:

Workshop for Good Clinical Practice was conducted for students of B. Pharmacy 3rd Year; Pharm. D 4th Year & M. Pharmacy (Pharmacology and Pharmaceutics) 1st Year to enlighten them about the principles of Good Clinical Practice that helps assure the safety, integrity, and quality of clinical trials by addressing elements related to the design, conduct, and reporting of clinical trials. Good clinical practice is an international quality standard, which governments can then transpose into regulations for clinical trials involving human subjects. GCP follows the International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use, and enforces tight guidelines on ethical aspects of clinical research. High standards are required in terms of comprehensive documentation for the clinical protocol, record keeping, training, and facilities, including computers and software. Quality assurance and inspections ensure that these standards are achieved. GCP aims to ensure that the studies are scientifically authentic and that the clinical properties of the investigational product are properly documented. GCP guidelines include protection of human rights for the subjects and volunteers in a clinical trial. It also provides assurance of the safety and efficacy of the newly developed compounds. GCP guidelines include standards on how clinical trials should be conducted; define the roles and responsibilities of institutional review boards, clinical research investigators, clinical trial sponsors, and monitors. In the pharmaceutical industry monitors are often called clinical research associates. A series of unsuccessful and ineffective clinical trials in the past were the main reason for the creation of ICH and GCP guidelines in the US and Europe. These discussions ultimately led to the development of certain regulations and guidelines, which evolved into the code of practice

About the institution

JAYAMUKHI COLLEGE OF PHARMACY was started in the year 2005 at Narsampet in Warangal District with the approval of AICTE, PCI and affiliated to Kakatiya University. The programmes offered by college are designed by Kakatiya University to incorporate a blend of knowledge, skills, and the right attitude. The syllabus of each programme is designed to enable the students to be at par with the needs of the industry. The college is well equipped with fully ventilated laboratories and class rooms creating conducive academic atmosphere for the students to study, and with necessary amenities for co-curricular and extra-curricular activities. The Management has taken care to see that the students are offered with quality education comparable to the very best at the global level. The Management is really overwhelmed with joy that the students going out of the portals of these colleges are well placed in the organizations reputed at global level.

CERTIFICATE COURSE ON FUNCTIONAL FOOD AND NUTRACEUTICALS
24-09-2018 to 29-09-2018

PHARM.D 2ND YEAR

REGISTRATION FORM

About the course:

This certification program covers health-promoting nutrients and bioactive components, as well as their possible health implications and mechanisms of action. The student will be able to describe what functional foods and nutraceuticals are, classify functional foods, discuss the potential health implications and mechanisms of functional foods, and discuss the industry applications of functional foods after completing this certificate course.

Course layout

- Introduction to Functional Foods and Nutraceuticals
- Introduction to Probiotics, Prebiotics and Synbiotics
- Health Effects of Probiotic Microorganisms
- Introduction to Anti-nutritional Factors,
- An introduction to Active Biodynamic Principles in Spices, Condiments and Plant extracts
- Non-Nutrient Effect of Specific Nutrients

JAYAMUKHI EDUCATIONAL SOCIETY

JAYAMUKHI COLLEGE OF PHARMACY

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 552, (T.S)

Title of the course	: Certificate Course on Functional Food and Nutraceuticals
Duration	: 30 Hours
Date of Commencement	: 04-11-2019 to 09-11-2019
Course Co-ordinator	: Ms. T. Smitha & Dr. Md.Rasaad

CURRICULUM:

CURRICULUM:

- **Functional Food and Nutraceuticals:** Definition, history, types and classification. Perceived effect of diet on disease prevention. Understanding benefits of functional foods and nutraceuticals
- **Probiotics:** Taxonomy and important features of probiotic micro- organisms. Health effects of probiotics including mechanism of action. Probiotics in various foods: fermented milk products, non-milk products etc. Quality Assurance of probiotics and safety.
- **Prebiotics:** Definition, chemistry, sources, metabolism and bioavailability, effect of processing, physiological effects, effects on human health and potential applications in risk reduction of diseases. perspective for food applications for the – non-digestible carbohydrates/oligosaccharides, Dietary fibre, Resistant starch, Gums.
- **Perspective for food applications:** for the Polyphenols, Proteins, Peptides and nucleotides, Conjugated linoleic acid and n-3 fatty acids, Vitamins and Minerals.
- **Role in Health and Treatment of Disease:** Nutraceuticals and Functional foods in Gastrointestinal disorder, Cancer, CVD, Diabetic Mellitus; Importance and function of probiotics, prebiotics and synbiotics and their applications, Functional foods and immune competence; role and use in obesity and nervous system disorders
- Effect of processing, storage and interactions of various environmental factors on the potential of nutraceuticals.
- Regulatory Aspects: FSSAI, FDA, FPO, MPO, AGMARK. HACCP and GMPs on Food Safety. Adulteration of foods.

- Pharmacopeial Specifications for dietary supplements and nutraceuticals.
- Introduction to Anti-nutritional Factors
- Active Biodynamic Principles in Spices, Condiments and Plant extracts
- Non-Nutrient Effect of Specific Nutrients.

SCHEDULE

Dates	Session-I (09:30 AM-11:00 AM)	Session-II (11:00 AM- 12:30 PM)	Lunch (12:30 PM-1:30 PM)	Session-III (01:30 PM-03:00 PM)	Session-IV (03:00 PM-04:30PM)	
24-09-2018	Basic concepts of nutraceuticals (Ms. Ch. Vijitha, Vaagdevi College, Bollikunta)	Understanding benefits of functional foods and nutraceuticals (Mr. M. Anil Jayamukhi College of Pharmacy)			Antioxidants: Fundamentals, Food Application, and Health Effects (Dr. Ch. Praveena, Jayamukhi Institute of Pharmaceutical Sciences)	
25-09-2018	Health effects of probiotics including mechanism of action. Probiotics in various foods (Dr. Ch. Srinivas Reddy, Vaagdevi College of Pharmacy)	Quality Assurance of probiotics and safety (Ms. S. Anusha, Jayamukhi College of Pharmacy)			Prebiotics and Probiotics (Dr. K. Srinivas Reddy, Vaagdevi College of Pharmacy)	
26-09-2018	Applications of Herbs to Functional Foods (Ms. Ch. Vijitha, Vaagdevi College, Bollikunta)	Oil and Health Benefits (Ms. G. Hemalatha, Jayamukhi College of Pharmacy)			Pharmacopeial Specifications for dietary supplements and nutraceuticals. (Ms. I. Shalini, Jayamukhi College of Pharmacy)	Design and Development of Nutraceuticals (Dr. Ch. Praveena, Jayamukhi Institute of Pharmaceutical Sciences)
27-09-2018	Perspective for food applications for the Polyphenols, Proteins, Peptides and nucleotides, Conjugated linoleic acid and n-3 fatty acids, Vitamins and Minerals. (Dr. K. Srinivas Reddy, Vaagdevi College of Pharmacy)				Anti-nutritional Factors (Dr. Ch. Praveena, Jayamukhi Institute of Pharmaceutical Sciences)	
28-09-2018	Effect of processing, storage and interactions of various environmental factors on the potential of nutraceuticals. (Dr. K. Srinivas Reddy)	Global Scenario of Nutraceuticals (Dr. S. Vasudeva Murthy, Jayamukhi College of Pharmacy)			Regulatory Aspects: FSSAI, FDA, FPO, MPO, AGMARK, HACCP and GMPs on Food Safety, Adulteration of foods (Dr. M. Radhakishan, Vaagdevi Institute of Pharmaceutical Sciences)	
29-09-2018	Marketing and sales of Nutraceuticals (Ms. Ch. Vijitha, Vaagdevi College, Bollikunta)	Industrial applications of Nutraceuticals (Ms. T. Smitha, Jayamukhi College of Pharmacy)			Marketing and Regulatory Issues for Functional Foods and Nutraceuticals (Mr. Md. Wajid, Jayamukhi Institute of Pharmaceutical Sciences)	Non-Nutrient Effect of Specific Nutrients (Mr. G. Anil Kumar, Jayamukhi College of Pharmacy)

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 332, (T.S)

LEARNING OUTCOMES:

Upon completing this course, the students were able to:

- Describe components of nutraceutical and functional foods
- Evaluate the standards of evidence required for efficacy and safety assessment of nutraceutical and functional foods
- The course enables students to understand the functional food concept as related to ingredient efficacy and safety
- In addition, it familiarizes students with: examples of bioactive ingredient-disease relationships and the importance of clinical study support
- Explain the regulatory aspects of functional foods; and requirements for standards of evidence of efficacy for health claims; and market determinants of the functional food industry.

SUMMARY:

For Pharm. D second-year students, a certificate programme in functional food and nutraceuticals was provided that covered health-promoting dietary components and bioactive elements, their potential health effects, and their mechanisms of action. Overall, this program discusses nutraceuticals/functional foods/food supplements (broadly including probiotics, prebiotics, synbioites, phytochemicals etc.), especially the need for consuming appropriate diets, health issues surrounding failure to adhere to the known healthy eating models, development of new nutraceuticals/functional foods/food supplements with novel health benefits, elucidation mechanisms of action of these products, development of study systems such as in-vitro co-culture cell models. The complete spectrum of dietary supplements was thoroughly discussed. 10 of the 10 students who signed up for the course and completed it received certificates.

Workshop contents

Module A: Introduction

Module B: The Principles of Antimicrobial Prescribing

Module C: Pharmacology of Antimicrobials

Module D: Antimicrobial resistance for clinicians

Module E: Antibiotic allergies

Module F: Urinary tract infections

Module G: Community-acquired respiratory tract infections

Module H: Skin and soft tissue infections

Module I: Bloodstream infections

Module J: Antimicrobial Surgical Prophylaxis

Module K: Acute pharyngitis in adolescents and adults

Module L: Acute Infectious Diarrhea

Module M: Ventilator-associated pneumonia

Module N: Acute Otitis media

Module O: Interpreting Culture Results

Hall Ticket No: _____

Course: _____

Year: _____

Mobile: _____

Email: _____

Declaration:

The information provided by me is true to the best of my knowledge. I will abide by the rules and regulations governing the workshop.

Date:

Signature of the Applicant.

Signature of Head of Organization

About the Workshop:

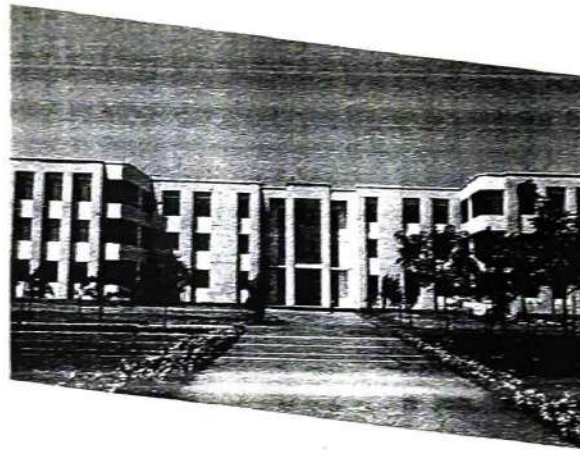

This workshop will equip clinicians who frequently prescribe antimicrobials with knowledge and tools to improve their use of these essential medications in daily clinical practice. Through case based examples, the course will highlight how antimicrobial stewardship principles can be applied to common clinical scenarios. First foundational clinical knowledge necessary to use antimicrobials wisely will be reviewed. Then, illustrate how we can incorporate this knowledge into the management of patients with common infections through adherence to the five core competencies of appropriate antimicrobial prescribing. This course will provide a framework for approaching each clinical encounter from the perspective of combating antimicrobial resistance.

Organizing Committee:

Chief Patron: Dr. Ch. Devender Reddy
Patron: Shri. T.V.R.N. Reddy
Convener: Prof. S. Vasudeva Murthy

SUMMARY:

This workshop on Antimicrobial Stewardship was organised for Pharm.D sixth year students. Antibiotics are life-saving drugs and their discovery is among the most important advances of the 20th century. There is, however, accumulating data illustrating that antimicrobial misuse is widespread in all healthcare settings. This misuse contributes to the emergence of multi-drug resistant organisms, which threaten to undermine many of the most important medical advances of the last century. In order to preserve the utility of these life-saving drugs, we all must use antibiotics wisely. "Antimicrobial stewardship" refers to interventions designed to promote the optimal use of antibiotic agents, including drug choice, dosing, route, and duration of administration. To address antimicrobial resistance, all clinicians must become stewards of antimicrobials by prescribing them appropriately and educating their patients and colleagues on the proper use of this increasingly scarce medical resource. In this set of modules foundational clinical knowledge necessary to use antimicrobials wisely was reviewed followed by how clinicians can incorporate this knowledge into their daily work using common clinical scenarios was illustrated. This workshop provided a framework for approaching each clinical encounter from the perspective of combating antimicrobial resistance. All the 18 enrolled students received the certificate.

WORKSHOP ON CLINICAL DATA MANAGEMENT

12-11-2018 to 17-11-2018

Registration Form

Objectives:

Clinical data management courses aims to provide an efficient integration of academic knowledge and industry oriented expertise. A clinical data management professional should have the potential to meet the requirements of the projects they are in with high proficiency and autonomy. As a CDM professional, they have to review, analyse and validate clinical trial data to ensure consistency, integrity and accuracy based on project specific guidelines. They will be involved in querying data discrepancies, draft or revise case report forms in compliance with the protocol, and standard operating procedures of the sponsor as well as the regulatory guidelines. They should have an in depth knowledge on data-retrievals and generating summaries.

Course Outline:

- Introduction to CDM
- Data collection instruments
- CRF designing elements
- Paper based CRF designing
- Data Entry, remote data entry
- Electronic data Capture
- e-CRF designing
- Data quality management plan
- Data Validation
- Query management

Title of the course : **Workshop On Clinical Data Management**
Duration : **30 Hours**
Date of Commencement : **12-11-2018 to 17-11-2018**
Course Co-ordinator : **Ms. M. Rama & Dr. P. Santhosh Kumar**

CURRICULUM:

- Section – 1: Introduction of Clinical Data Management, Data and Databases, Data Entry, Transcribing Data
- Section – 2: Case report form, Data Tracking, Cleaning Data, Discrepancies Managements, Data Management Plan
- Section – 3: Case report form Review And source Documents, Electronic Data Capture, Design Consideration, Study Setup
- Section – 4: Managing Laboratory Data, Collection of Adverse Events Data, Medical Coding, Creating Reports
- Section – 5: Data Acquisition and Database Closure, Data Transfers, Audit trial, QA in CDM
- Section – 6: Regulatory requirement in Clinical Data Management and Clinical Research
- Section-7: SAS in Clinical data analysis, Importing data from Excel to SAS, Statistical analysis of SAS datasets.
- Section-8: Standard operating procedures and guidelines for data management

SUMMARY:

This workshop on Clinical Data Management was carried out to provide insight on the most recent professional field for Pharm.D Fifth year; M, Pharmacy(Pharmaceutics) and M. Pharmacy (Pharmacology) first year. This program will help you to understand the technical part of Clinical Data Management process. Clinical data management course aim to provide an efficient integration of academic knowledge and industry-oriented expertise. A clinical data management professional should have the potential to meet the requirements of the projects they are in with high proficiency and autonomy. They should have an in-depth knowledge on data retrievals and generating summaries. Clinical data management, which leads in the creation of high-quality, reliable, and statistically sound data from clinical trials, is a vital stage in clinical research. Clinical data management makes it easier to collect, integrate, and make data available at the proper price and quality. It also helps with the design, carrying out, and reviewing of clinical research projects. Clinical data management courses successfully merged theoretical knowledge with actual business expertise. After completing this programme, students gained theoretical knowledge of regulatory requirements, clinical data management work flows, data management plans, various activities involving clinical trial designing, data entry, data collection, adverse event management, report creation, etc., as well as the roles and responsibilities of clinical data management personnel were elaborated. 32 out of the 36 students that registered for this workshop successfully completed the course and got certificates.

Title of the course	: One Week Workshop on Intellectual Property in Health Care industry
Duration	: 30 Hours
Date of Commencement	: 24-11-2018 to 30-11-2018
Course Co-ordinator	: Mr. T. Ashwin Kumar & Ms. M. Dhanalaxmi

COURSE CONTENT:

Module 1

Knowledge, Innovation and Intellectual Property Rights: An Introduction

This theme will expose the students to the basic understanding of the political, social and economic concepts that had played a major role in articulation and justification of IPRs.

- Pre-IPR system of protection: Secrecy/Trade guilds/Cartels
- IPR: Consequentialist, right based justification and economic justification
- Basic forms of IPRs: — Patent, copyright, trademark, industrial design

Module 2

Evolution of IP Statutes – Origin and Internationalisation

Under this theme, we examine the major statutes (their forms and various factors that were instrumental in their enactment); international interventions that had shaped the present understanding of IPRs and had led to the contemporary IP statutes.

- First IP Statutes: English Statute of Monopolies (1624); United States Patent Act(1836), German Patent Act (1877), Copyright law of Italy, English Statute of Anne (1710)
- International organizations and Treaties (pre- TRIPs era): Paris Convention, Berne Convention. Rome convention, IPIC Treaty, Budapest Treaty. CBD, UPOV convention. WIPO, GATT, FAO, UNCTAD

Module 3

Contemporary IP Statutes: Unification of IP rights

Under this theme, we will look at how the past two decades can be distinguished by the tremendous changes in the IPR internationally; mainly in the direction of expanding and

Principal
Jayamukhi College of Pharmacy
Narsampet-506332

strengthening the scope of protection, and progressive harmonization in rules & regulations.

- WTO Framework and the TRIPs Agreement
- Role of Patent Cooperation Treaty

Module 4

Special Intellectual Property Rules for Healthcare

- Special IP Rules for Healthcare
- Unique Role of Patents in Pharmaceutical Drugs
- Consequences of Hatch-Waxman Act
- Biologics Price Competition and Innovation Act
- Special Applications of IP in Healthcare
- Ownership of Research in Healthcare
- Experimentation in Patent Law
- The U.S. Patent System's Effect on Drug Innovation
- Regulating Against Reverse Payment

Module 5

Case Studies in Intellectual Property

Jayamukhi College of Pharmacy
Narsampet-506 332

Schedule

Dates	Session-I (09:30 AM-11:00 AM)	Session-II (11:00 AM- 12:30 PM)	Session-III (01:30 PM-03:00 PM)	Session-IV (03:00 PM-04:30PM)
24-11-2018	Introduction to IPR Pre-IPR system of protection: Secrecy/Trade guilds/Cartels (Mr. E. Sriram, Jayamukhi Institute of Management Sciences)	IPR: Consequentialist, right based justification and economic justification (Ms. T. Deepthi, Jayamukhi Institute of Management Sciences)	Basic forms of IPRs: – Patent, copyright, trademark, industrial design (Ms. M. Aravind, Jayamukhi Institute of Management Sciences)	
26-11-2018	First IP Statutes: English Statute of Monopolies (1624); United States Patent Act (1836). German Patent Act (1877), Copyright law of Italy, English Statute of Anne (1710) (Mr. E. Sriram, Jayamukhi Institute of Management Sciences)		International organizations and Treaties (pre- TRIPs era): Paris Convention, Berne Convention, Rome convention, IPIC Treaty, Budapest Treaty, CBD, UPOV convention. WIPO, GATT, FAO, UNCTAD (Ms. T. Deepthi, Jayamukhi Institute of Management Sciences)	
27-11-2018	WTO Framework and the TRIPs Agreement (Mr. E. Sriram, Jayamukhi Institute of Management Sciences)	Role of Patent Cooperation Treaty (Ms. T. Deepthi, Jayamukhi Institute of Management Sciences)	Special IP Rules for Healthcare (Dr. Devandla Adukondalu, Vaagdevi College of Pharmacy)	Unique Role of Patents in Pharmaceutical Drugs (Mr. T. Ashwin Kumar, Jayamukhi College of Pharmacy)
28-11-2018	Consequences of Hatch-Waxman Act (Mr. T. Ashwin Kumar, Jayamukhi College of Pharmacy)	Biologics Price Competition and Innovation Act (Ms. M. Dhanalaxmi, Jayamukhi College of Pharmacy)	Ownership of Research in Healthcare (Dr. K. Srinivas Reddy, Vaagdevi College of Pharmacy)	Experimentation in Patent Law (Mr. B. Sathish, Jayamukhi Institute of Management Sciences)
29-11-2018	Patents on chemical compounds /Pharmaceutical composition/medical and diagnostic products (Dr. Devandla Adukondalu, Vaagdevi College of Pharmacy)		The U.S. Patent System's Effect on Drug Innovation (Ms. M. Dhanalaxmi, Jayamukhi College of Pharmacy)	Regulating Against Reverse Payment (Dr. K. Srinivas Reddy, Vaagdevi College of Pharmacy)

Lunch (12:30 PM-1:30 PM)

Principal
 Jayamukhi College of Pharmacy
 Narsampet-502002

30-11-2018	Indian position of the Patent , Copyright & Trademark. Historical development, Procedure for grant of patents. Infringement (Ms. M. Dhanalaxmi, Jayamukhi College of Pharmacy)	Case Studies in Intellectual Property- Novartis (Ms. T. Deepthi, Jayamukhi Institute of Management Sciences)	Case Studies in Intellectual Property- Novartis and Pharmaceutical IP Strategies (Ms. T. Deepthi, Jayamukhi Institute of Management Sciences)	Case Studies in Intellectual Property- Medtronic (Mr. B. Satish, Jayamukhi Institute of Management Sciences)

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET Dist. Warangal - 506 332, (T.S)

LEARNING OUTCOMES:

Upon completing this course, the students were able to have:

- Knowledge regarding the general principles of IPR, Concept and Theories, Criticisms of Intellectual Property Rights, International Regime Relating to IPR
- Information about Indian position of the Patent, Copyright & Trademark Law, Procedure for granting a patent, Infringement.
- Enable improvement of the regulatory environment by implementing and upholding good regulatory practices.
- Idea about agencies governing the manufacture and sale of pharmaceuticals.

SUMMARY:

This workshop was organised to sensitise about the Intellectual Property in Health Care industry to students of B. Pharmacy 3rd year; Pharm. D 4th year; M. Pharmacy (Pharmacology and Pharmaceutics) 1st year and faculty. The development of competitive advantages is essential for fostering our country's economic prosperity. India has excellent infrastructure and resources for research and development. For the protection of the intellectual output of Indian scientists, scientists and decision-makers require greater information, training, and facilities. With regard to drug patents in particular, this workshop assisted students in understanding the many types of intellectual property protection that are available as well as the unique intellectual property regulations created for the healthcare and pharmaceutical sectors. Participants were given insight into how to examine how the law has altered in response to cutting-edge medical discoveries, such as the ownership of generic materials and genetic information. Recognize the various intellectual property strategies utilised by companies specialising in the delivery of healthcare. 54 out of 59 participants finished the course successfully.

ABOUT THE INSTITUTION

JAYAMUKHI COLLEGE OF PHARMACY was started in the year 2005 at Narsampet in Warangal District with the approval of AICTE, PCI and affiliated to Kakatiya University. The programmes offered by college are designed by Kakatiya University to incorporate a blend of knowledge, skills, and the right attitude. The syllabus of each programme is designed to enable the students to be at par with the needs of the industry. The college is well equipped with fully ventilated laboratories and class rooms creating conducive academic atmosphere for the students to study, and with necessary amenities for co-curricular and extra-curricular activities. The Management has taken care to see that the students are offered with quality education comparable to the very best at the global level. The Management is really overwhelmed with joy that the students going out of the portals of these colleges are well placed in the organizations reputed at global level.

Organizing Committee:

Chief Patron: Dr. Ch. Devender Reddy

Patron: Shri. T.V.R.N. Reddy

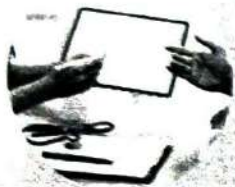

Convener: Prof. S. Vasudeva Murthy

NARSAMPET, Dist. Warangal - 506 532, (T.S)

Title of the course : Workshop on Quality by Design and Design of Experiment
Duration : 30 Hours
Date of Commencement : 17-12-2018 to 22-12-2018
Course Co-ordinator : Dr. B. Naveen Kumar and Ms. B. Lavanya

CURRICULUM:

Topic 1: Introduction to Quality by Design

- FDA and EU guidance on QbD
- Purpose and opportunity
- QbD benefits and impact on FDA submissions
- Systematic product development

Topic 2: Systematic Product Development

- Market understanding
- Target Product Profile (TPP)
- Quality Target Product Profile (QTPP)
- Critical Quality Attributes (CQAs)
- CQA flow down and line of sight

Topic 3: QbD Implications to Analytical Method and Process Development

- Method development implications
- Process development implications
- QbD and Validation (Lifecycle Approach)

Topic 4: Design of Experiments in Pharmaceutical Development

- Introduction
- DOE and One Factor at a Time Experiments
- Experimental Preparation
- Full Factorial Designs
- Screening Designs: Augment design

Principal

Jayamukhi College of Pharmacy
Narsampet-506 532

- Custom Designs

Topic 5: How to Use DOE? Hand-on Session

Topic 6: Design of Experiments for the Development of different pharmaceutical products

Principal
Jayamukhi College of Pharmacy
Narsampet-506 332

LEARNING OUTCOMES:

Upon completion of this workshop, students were able to:

- Understand the basic concepts of Quality by Design and Design of Experiments
- Plan and conduct experiments in an effective and efficient manner
- Identify and interpret significant factor effects and 2-factor interactions
- Develop predictive models to explain process/product behaviour
- Check models for validity
- Apply very efficient fractional factorial designs in screening experiments
- Handle variable, proportion, and variance responses
- Avoid common misapplications of DOE in practice

SUMMARY:

For the students of M. Pharmacy First Year Pharmaceutics Workshop on Quality by Design and Design of Experiment was conducted. Quality by Design is a quality should be built into product/method during pharmaceutical/analytical development. Usually, there are many input factors that may affect quality of product and methods. Design of Experiments (DoE) is used to understand the effects of multidimensional and interactions of input factors on the output responses of pharmaceutical products and analytical methods. How to determine the theoretical and practical considerations for implementation of Design of Experiments in pharmaceutical and/or analytical Quality by Design. The principles and applications of the most common screening designs, such as two-level full factorial, fractionate factorial, and Plackett-Burman designs; and optimization designs, such as three-level full factorial, central composite designs, and Box-Behnken designs. The main aspects related to multiple regression model adjustment were discussed, including the analysis of variance, regression significance, residuals analysis, determination coefficients, and lack-of-fit of regression model. Therefore, Design of Experiments was presented in detail since it is the main component of pharmaceutical and analytical Quality by Design. 9 students were given certificate after completion of workshop.

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 332, (T.S)

Title of the course : Workshop on Nanomedicine and Nano Formulations
Duration : 30 Hours
Date of Commencement : 07-01-2019 to 12-01-2019
Course Co-ordinator : Ms. M. Nirmala & Ms. P. Anusha

CURRICULUM:

Topic 1: Targeting strategies in drug delivery, Approaches for in vivo nanoparticle delivery, Targeting agents in drug delivery

Topic 2: Strategies for controlled drug delivery such as Thermo-responsive release, Enzyme responsive release and pH responsive release

Topic 3: Challenges in the use of nano formulations for drug delivery

Topic 4: Nanoparticulate and their applications in drug delivery

Topic 5: Characteristics of Nanomedicine and nanoformulations

Topic 6: Nanosimilars and Regulatory aspects

Topic 7: Polymeric systems for Drug and Gene delivery

Topic 8: Nanotechnology-based advanced therapeutics such as Photothermal therapy, Ultrasound-mediated therapy, Acoustic cavitation therapy, delivery for gene therapy and Vaccines delivery

Topic 9: Nanotechnology-based Theranostics

Topic 10: Nano-toxicity

Topic 11: Combinational chemotherapy through nanomedicine

Schedule

Dates	Session-I (09:30 AM-11:00 AM)	Session-II (11:00 AM- 12:30 PM)	Session-III (01:30 PM-03:00 PM)	Session-IV (03:00 PM-04:30PM)
07-01-2019	Introduction to nano-technology, nanomedicine and nano formulations(Dr. B. Naveen Kumar, Jayamukhi College of Pharmacy)	Targeting strategies in drug delivery(Dr. Y. Sravan Kumar, Vaagdevi College of Pharmacy)	Approaches for in vivo nanoparticle delivery (Dr. K. Rajitha, Vaagdevi Institute of Pharmaceutical Sciences)	Targeting agents in drug delivery (Ms. M. Nirmala, Jayamukhi College of Pharmacy)
08-01-2019	Strategies for controlled drug delivery such as Thermo-responsive release, Enzyme responsive release and pH responsive release (Dr. M. Radhakishan, Vaagdevi Institute of Pharmaceutical Sciences)		Challenges in the use of nano formulations for drug delivery (Dr. B. Chandra Shekar Reddy, Vaagdevi Pharmacy College)	
09-01-2019	Nanoparticulate and their applications in drug delivery (Dr. Y. Sravan Kumar, Vaagdevi College of Pharmacy)		Characteristics of Nanomedicine (Mr. M. Sunil, Jayamukhi Institute of Pharmaceutical Sciences)	
10-01-2019	Nano-similar and Regulatory aspects (Mr. M. Sunil, Jayamukhi Institute of Pharmaceutical Sciences)	Polymeric systems for Drug delivery (Dr. K. Rajitha, Vaagdevi Institute of Pharmaceutical Sciences)	Polymeric systems for Gene delivery (Dr. Y. Sravan Kumar, Vaagdevi College of Pharmacy)	Characteristics of nano formulations (Ms. P.Anusha, Jayamukhi College of Pharmacy)
11-01-2019	Nanotechnology-based advanced therapeutics (Dr. B. Naveen Kumar, Jayamukhi College of Pharmacy)		Nano-toxicity (Dr. K. Rajitha, Vaagdevi Institute of Pharmaceutical Sciences)	Stability testing of nanoparticles (Mr. A. Kiran Kumar, Sahasra Institute of Pharmaceutical Sciences)
12-01-2019	Nanotechnology-based Theranostics (Dr. B. Chandra Shekar Reddy, Vaagdevi Pharmacy College)		Combinational chemotherapy through nanomedicine (Ms. M. Nirmala, Jayamukhi College of Pharmacy)	Nano-ethics (Mr. A. Kiran Kumar, Sahasra Institute of Pharmaceutical Sciences)
			Future perspectives of Nanomedicine and Nano Formulations (Ms. P.Anusha, Jayamukhi College of Pharmacy)

NARSAMPET, Dist. Warangal - 506 332, (T.S)

LEARNING OUTCOMES:

After course completion, the student should:

- Explain and discuss advantages and challenges with nanomaterials in medical and pharmaceutical applications
- Describe transport mechanisms as well as passive and active targeting that control uptake of nano-based drug delivery systems via different administration routes
- Describe and critically evaluate different types of nanovehicles and nanocarriers as well as their use in nanomedicine for disease diagnosis and therapy
- Account for toxic, pharmacokinetic and regulatory aspects for the development of nano-based drug delivery system

SUMMARY:

To educate second-year B. Pharmacy students on nanomedicine and nano formulations, a workshop was given. Several scientific domains have benefited from the advancement of nanotechnology and its use. This is crucial while developing novel pharmaceutical substances and products. The key themes of this workshop included the introduction of nanomedicines to the pharmaceutical business, the controversy around fundamental concepts linked to these nano systems, and the numerous methods used to further knowledge. Due to the properties offered by the nanoscale, the challenges with employing nanotechnology are critically examined, notably in the pharmaceutical development of novel therapeutic goods and related regulatory issues. Finally, problems regarding current applications and future developments are highlighted. The operation of nanomedicines—from disease diagnosis to disease therapy—was thoroughly explained to the students. 28 out of the 33 students that attended this course obtained certificates.

Duration	: 30 Hours
Date of Commencement	: 18-01-2019 to 06-02-2019
Course Co-ordinator	: Dr. G. Hemalatha & Mr. M. Anil
Time	: Forenoon Session 12.00 PM to 01:00 PM Afternoon Session 04:00 PM to 05:00 PM

CURRICULUM:

- Module – I Interpersonal Skills: Interpersonal Skills to possess; How to develop Interpersonal Skills; Public Speaking & Interpersonal Skills; What are Personal Skills; Important Interpersonal Qualities; Knowing Intercultural Skills
- Module – II Social Skills: Appropriate and contextual use of language- non-verbal communication- interpersonal skills- problem solving.
- Module – III Personality Development: Personal grooming and business etiquettes, corporate etiquette, social etiquette and telephone etiquette, role play and body language.
- Module – IV Presentation skills: Group discussion- mock Group Discussion using video recording – public speaking.
- Module – V Management Skills: Managing Time and Beating Procrastination, Managing People: Leading and Working with Team (Co-ordination and Co-operation); Developing Accountability, Commitment and Responsibility; Behaving Conscientiously, Managing Stress and Maintaining Positive Outlook
- Module – VI Professional skills: Organisational skills- team work- business and technical correspondence- job oriented skills-professional etiquettes.
- Module – VII Assertiveness: How to express assertiveness; How can you be assertive; How to deal with Non-assertive; Why is assertiveness important; characteristics of assertiveness; Principles of assertiveness; Types of Behaviour

SUMMARY:

The present Add on Course on Communication and Interpersonal Skills provided a unique opportunity for all students to develop their personality and upgrade their communication and presentation skills. Communication and Interpersonal skills are the skills used every day when we communicate and interact with other people, both individually and in groups. People with strong interpersonal skills are often more successful in both their professional and personal lives. Interpersonal skills include a wide variety of skills, though many are centred on communication, such as listening, questioning and understanding body language. They also include the skills and attributes associated with emotional intelligence or being able to understand and manage own and others' emotions. People with good interpersonal skills tend to be able to work well in a team or group, and with other people more generally. They are able to communicate effectively with others, whether family, friends, colleagues, customers or clients. Interpersonal skills are therefore vital in all areas of life at work, in education and socially. Through awareness of how to interact with others, and with practice, one can improve their interpersonal skills. Interpersonal skills often become so natural that one may take them for granted, never thinking about how to communicate with other people. If one has developed good habits, this is fine. However, it is of course also possible to develop bad habits, and then fail to understand why communications or relationships are suffering. Interpersonal skills are also sometimes referred to as social skills, people skills, soft skills, or life skills. Although all these terms can include interpersonal skills, they tend to be broader and may therefore also refer to other types of skills. Many people also use the term communication skills for interpersonal skills, but interpersonal skills cover more, including decision-making and problem-solving, plus working in a group or team and emotional intelligence.

ABOUT THE INSTITUTION

JAYAMUKHI COLLEGE OF PHARMACY was started in the year 2005 at Narsampet in Warangal District with the approval of ICTE, PCI and affiliated to Kakatiya University. The programmes offered by college are designed by Kakatiya University to incorporate a blend of knowledge, skills, and the right attitude. The syllabus of each programme is designed to enable the students to be at par with the needs of the industry.

The college is well equipped with fully ventilated laboratories and class rooms creating conducive academic atmosphere for the students to study, and with necessary amenities for co curricular and extra-curricular activities. The Management has taken care to see that the students are offered with quality education comparable to the very best at the global level. The Management is really overwhelmed with joy that the students going out of the portals of these colleges are well placed in the organizations reputed at global level.

SUMMARY:

Third-year Pharm.D. students were given a Certificate Course in Preventive Medicine. Instead, then focusing on finding a treatment for these diseases and boosting social health, this course emphasises the steps taken to prevent a variety of communicable and noncommunicable diseases. The curriculum gave participants in-depth knowledge of numerous epidemiological principles and strategies for promoting health, containing outbreaks, and preventing diseases. The course provided instruction in clinical sciences, biological sciences, and medical services ranging from curative to rehabilitative health services. Providing patient-centered comprehensive primary healthcare, including follow-up and referral, is one of the course's main goals. All 19 candidates who registered for the course received certificates.

SUMMARY:

Basic life support training workshop was organised for first-year Pharm.D. and B. Pharmacy students, by Jayamukhi College of Pharmacy. This workshop discussed the students with basic anatomy and physiology of brain and heart. It helped the students to understand the general concepts of Basic Life Support for children and adults. This workshop helped the students to perform cardiopulmonary resuscitation for adults, children, and infants apart from making them aware of basic operation of automated external defibrillators. It described the principles of emergency medical care. All of the teachers actively participated, and they all emphasised how much they would benefit from the session in handling emergencies. The course featured plenty of equipment, plenty of hands-on practice and plenty of supervision to help the participant increase his or her skills. Out of the 40 total students enrolled, 36 successfully completed the necessary tasks and were awarded the certificate.

ABOUT THE INSTITUTION

JAYAMUKHI COLLEGE OF PHARMACY was started in the year 2005 at Narsampet in Warangal District with the approval of AICTE, PCI and affiliated to Kakatiya University. The programmes offered by college are designed by Kakatiya University to incorporate a blend of knowledge, skills, and the right attitude. The syllabus of each programme is designed to enable the students to be at par with the needs of the industry. The college is well equipped with fully ventilated laboratories and class rooms creating conducive academic atmosphere for the students to study, and with necessary amenities for co-curricular and extra-curricular activities. The Management has taken care to see that the students are offered with quality education comparable to the very best at the global level. The Management is really overwhelmed with joy that the students going out of the portals of these colleges are well placed in the organizations reputed at global level.
