WASTE MANAGEMENT POLICY

- ❖ Creating environmental awareness to generate minimum waste in the campus through cautions and display boards and keep the surroundings clean.
- ❖ Defining roles in waste management for its effective implementation.
- ❖ Educating attendees to put the solid waste generated in their respective color-coded bins.
- ❖ Educating and distinguishing between biodegradable and non-biodegradable waste. Biodegradable waste is to be disposed in compost pits and non-biodegradable waste is to be sent to dumping yard for its effective disposal.
- ❖ Educating and monitoring the maintenance staff regarding proper storage, handling and effective disposal of waste generated in the campus on regular basis.
- ❖ Special attention will be taken regarding maintenance of hazardous chemicals in neutralizing and biohazards disposal.
- ❖ Addressing any hindrances in managing the waste generated in the campus.
- ❖ Encouraging participants to participate in government-initiated waste management schemes like swachh bharaoh.

Beyond the campus environmental promotion activities

Haritha Haram Program on 23rd July 2016

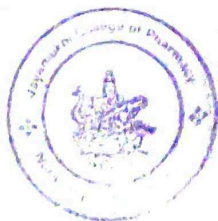

The Haritha Haram program of planting of saplings was carried out by many students of B. Pharmacy and Pharm. D at moqdumpuram village on **23rd July 2016**.

The main objectives of this program are to:

- Haritha Haram is regimen which will help us plant more and more trees so that we can protect our environment.
- Trees also help us to reduce global warming and Haritha Haram is a great mission to cut down on the score of global warming for India.
- Haritha Haram will help us increase the forest cover from 24 % to 33 %. Trees make the soil fertile and because of it crops grow well.
- To decrease the effects of deforestation.
- Haritha Haram can solve the environmental problems like global warming, acid rains, and drought.

Awareness about Plastic Pollution on 10th March 2020

Jayamukhi College of Pharmacy organized awareness program on plastic pollution on 10th March 2020. This Program educated villagers not to use plastic and if used to collect them. Jayamukhi College of Pharmacy had offered to exchange the plastic with rice. If the villagers will give us 2 kg of plastic, Jayamukhi College of Pharmacy will give them half kg of rice in return. so that by this improper disposal of plastic can be stopped.
