Proceeding for World Blood Donor Day

On the occasion of World Blood Donor Day on 14th June, 2022 Staff of Jayamukhi College of Pharmacy campaigned to raise awareness of the need for safe blood and blood products for transfusion. With the World Blood Donor Day slogan of "Donating blood is an act of solidarity. Join the effort and save lives" to draw attention to the roles that voluntary blood donations play in saving lives and enhancing solidarity within communities Jayamukhi College of Pharmacy highlighted the need for safe blood transfusion.

Date: 21-06-2022

Venue: College seminar hall

Number of students participated: 50

Program description:

International yoga day was celebrated worldwide on 21 June. We Jayamukhi college of pharmacy has also celebrated the day with yoga guru Ramakrishna chary garu the famous yoga trainer from chennaraopet village. He said that the art of practicing yoga helps in controlling an individual's mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. It also helps in increasing flexibility, muscle strength and body tone He has made the students to participate in the yoga session with different asanas. Students felt very pleasant while meditation and practicing the yoga

Details of the activity

Name of the activity: Har Ghar tiranga

Date: 11-08-2022

Venue: College campus

Number of students participated: 45

Program details

The Indian National Flag is a symbol of national pride for the entire nation. To further honor our flag, the Hon'ble Home Minister who oversees all efforts under Azadi Ka Amrit Mahotsav has approved the program of 'Har Ghar Tiranga'. It envisages inspiring Indians everywhere to hoist the national flag at their home. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and promote awareness about our national flag.

Details of the activity

Bathukamma is a Hindu flower-festival celebrated by the women of Telangana and some parts of Andhra Pradesh. Every year this festival is celebrated as per the Sathavahana calendar for nine days starting on Pitru Amavasya,

In Telugu, 'Bathukamma' means 'Mother Goddess come Alive'. Bathukamma is a beautiful flower stack, arranged with different unique seasonal flowers most of them with medicinal values, in seven concentric layers in the shape of a temple gopuram. It is usually brothers who bring flowers to their mother and sisters to arrange bathukamma.

college girls have wearied the traditional dresses and collected wide range of flowers available around the college and Prepared batukamma. they had danced around batukamma by singing songs and making rounds.

Details of the activity

Cardiopulmonary resuscitation (CPR) is an emergency procedure consisting of chest compressions often combined with artificial ventilation, or mouth to mouth in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended for those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations. CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs (mechanical ventilation).

We have conducted a CPR program on the occasion of World Heart Day at Mahabubabad area hospital. Doctors Sujatha and Sajith have explained the importance of CPR. Aishwarya, a Pharm.D student of our college, has explained the procedure of performing the CPR to the patients and made them to practice.

Program details

Swachh Bharat Abhiyan is the program started by Government of India in order to maintain cleanliness in the villages and cities. As part of this, our students and NSS volunteers have conducted a program in the nearby Budharaopet village. They have cleaned all the streets. They have also helped the local municipal workers in cleaning the animal wastes and collecting the waste covers thrown in the streets.

Program Details

Clean India Mission is a country-wide campaign initiated by the Government of India on 2 October 2014 to eliminate open defecation and improve solid waste management and to create Open Defecation Free (ODF) villages.

Phase 1 of the Swachh Bharat Mission lasted till 2 October 2019, and Phase 2 is being implemented between 2020–21 and 2024–25 to help cement the work of Phase 1.[5]

Initiated by the Government of India, the mission aimed to achieve an "open-defecation free" (ODF) India by 2 October 2019, the 150th anniversary of the birth of Mahatma Gandhi[6] through construction of toilets.

The second phase of the mission aims to sustain the open defecation free status and improve the management of solid and liquid waste, while also working to improve the lives of sanitation workers.

Nss Unit of Our college along with all NSS units under Kakatiya university jurisdiction has joined organized the clean India campaign. all units has taken a pledge and stated the rally form bus stand and went till ambedkar center. The volunteers and students have collected the solid waste and one time usable plastic. the total amount og waste collected was handed to local municipal office. .

JAYAMUKHI COLLEGE OF PHARMACY

(Approved by AICTE & PCI, New Delhi & affiliated to Kakatiya University, Warangal, T.S)
NARSAMPET, Dist. Warangal - 506 352, (T.S)

Details of the activity

Cardiopulmonary resuscitation (CPR) is an emergency procedure consisting of chest compressions often combined with artificial ventilation, or mouth to mouth in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended for those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations. CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs (mechanical ventilation).

CPR alone is unlikely to restart the heart. Its main purpose is to restore the partial flow of oxygenated blood to the brain and heart. The objective is to delay tissue death and to extend the brief window of opportunity for a successful resuscitation without permanent brain damage. Administration of an electric shock to the subject's heart, termed defibrillation, is usually needed to restore a viable, or "perfusing", heart rhythm.

We in association with Srinivasa Heart Foundation have explained these things to the students and staff members in the college by making them to practice with a maniquine.
