Date: 15-10-2017

Proceedings on Global Handwashing Day

Global Hand Washing Day was celebrated on 15th Oct, 2017 with the theme of "Our Hands, Our Future!" and awareness was created among Govt. school children of Muqdumpuram, Narsampet, Warangal rural. The main objectives of this program were:

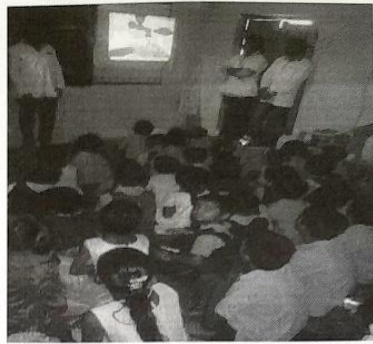

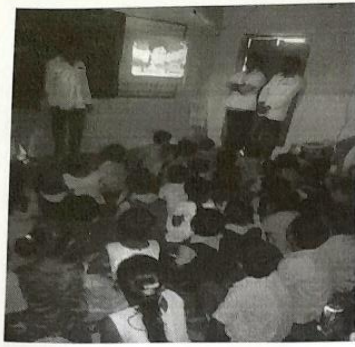

- To motivate and mobilize people around the Narsampet to improve their hand washing habits.
- To raise awareness about the benefits of hand washing with soap.
- To design, test, and replicate creative ways to encourage people to wash their hands with soap at critical times.

Students of Jayamukhi college of Pharmacy participated in the following events on this day for increasing awareness and understanding about the importance of handwashing with soap as an effective and affordable way to prevent diseases and save lives:

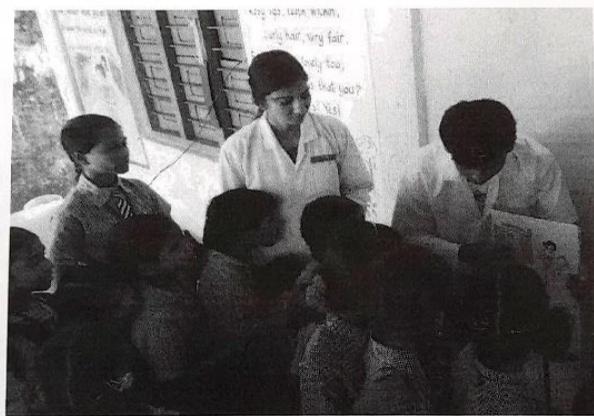

- Rally
- Skit
- Posters
- Video clips

Proceedings on Diabetes health camp at Narsampet, Warangal

On the eve of World Diabetes Day, the primary global awareness campaign focusing on diabetes mellitus was held on 14th November 2017. As a part of this event Students and Staff participated in the Diabetes Health camp which has diabetes screening program held at Pavan Nursing Home, Narsampet on the behest of Dr. L. VidyaSagar.

The main aim of this program was to promote *diabetescare*, prevention and a cure worldwide.

This camp gave an insight on diabetes and human rights, diabetes and lifestyle, diabetes and obesity, diabetes in the disadvantaged and the vulnerable, and diabetes in children and adolescents.

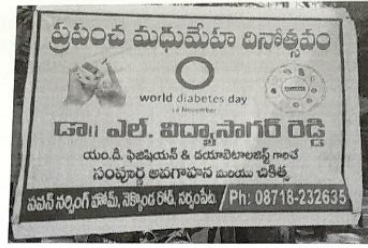

The following were the health screenings provided during the camp:

- *BMI Estimation* - by using Omron body composition monitor
- Estimation of glucose levels-(FBS, PLBS/ RBS) by using Glucometer
- Retinopathy -by diabetic eye screening
- peripheral neuropathies -by using Biothesiometer
- ECG -To checks the problems with the electrical activity of heart.
- Drug dispensing
- Patient counseling was done regarding drugs which includes insulin administration, storage, common side effects of drugs and its management, life style modifications, complications of diabetes

Proceedings on Anti-Drug Awareness Rally at Narsampet, Warangal

In association with Excise Department of Narsampet, Warangal rural a rally for bringing the awareness among the youth and general masses against drugs addiction and abuse, was taken out from Narsampet on the call given by Government of Telangana on explicit use of drugs on 4th Aug, 2017. Students and faculty of Jayamukhi College of Pharmacy participated in rally in Narsampet creating awareness on drug abuse among people.

Students sported placards displaying messages aimed at creating awareness on the disastrous effect of intoxication from drugs on individual and society's health and economy.

Consciousness was created about the ill-effects of substance abuse among the youth with this Rally.

Proceedings on Awareness on Menstrual hygiene and management at Kasturba Gandhi Balikala Vidyalayam, Chennaraopet, Narsampet.

NSS unit of Jayamukhi College of Narsampet has conducted an awareness program on menstrual hygiene in Kasturba Gandhi balikal vidyalayam, Chennaraopet, Narsampet. In this regard Dr Kadiyam Kavya attended the program and delivered a message to adolescent girls signifying the transition from girlhood to womanhood. Good hygiene practices are essential during menstruation. There is a lacuna in the awareness about menstruation among adolescent girls. To assess the awareness and practices of menstrual hygiene among adolescent girls attended school health camp as NSS units of Jayamukhi have planned to organize a medical camp on Awareness on Menstrual hygiene and management at Kasturba Gandhi Balikala Vidyalayam, Chennaraopet, Narsampet.

 DIVISION OF INVESTIGATION

With the aim to make young girls aware about hygienic practices to be adopted during menstruation, a camp was conducted on the eve of Kasturba Gandhi Jayanti at Kasturba Medical College High School at Anandnagar. In the district on Wednesday.

Addressing the students, Dr Kailash Kavya of Kasturba Foundation said, "Adolescent girls have an important role to play in personal and societal developments during the growing phase." She called upon the parents and teachers to play a major role in clearing fears associated with menstrual cycle.

Dr Kavya is a faculty, Jawahar College of Pharmacy, said that time had come to discuss openly about men-

The programme, which was conducted by Kadim Foundation in association with NSS unit of Iyazambdi College of Pharmacy, Mansarpet, was attended by 120 girls. The girls had an interactive session with Dr Kevya. Sanitary napkins were distributed on the occasion.

Proceedings On Medical Camp at Kattayapalli village Dt: 3-4-2019

A medical camp was conducted by the NSS unit of Jayamukhi College of Pharmacy at Kattayapalli village. Doctors belonging to different departments have made an active participation in the medical camp. One day before the camp our volunteers met the sarpanch of the village and requested him to make the necessary arrangements for medical camp. Villagers have made their registrations before the doctors have arrived. Medical camp was inaugurated by principal Dr.S.Vasudeva murthy garu, Director Rangiah garu. Dr.M.Kiran who is a general Pysician checked the patients health and prescribed them the required medicines. Dr.M.Navatha gynecologist has attended the camp and gave medicines to patients. Dr. Bharath Reddy has also shown his active involvement in the camp and treated the patients having Dental problems. Nearly 160 villagers have attended the camp and got the solutions for their problems. In this program officer T.Ashwin Kumar staff members Nishath fathima, Santosh, Rakesh, Anil, Kalpana, Hemalatha students and NSS volunteers have participated.

Proceedings On Awareness About Cardiopulmonary Resuscitation

Cardiopulmonary resuscitation (CPR) is an emergency procedure that combines chest compressions often with artificial ventilation in an effort to manually. Preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended in those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations.

CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs. With the kind help of Srinivasa Heart foundation, we could get 2 mannequins by which we could make a practice with school staff and children on 02-04-2019 at Muqdumpuram village.

Proceedings on Awareness on Leprosy and Tuberculosis

Dt :- 01-4-2019

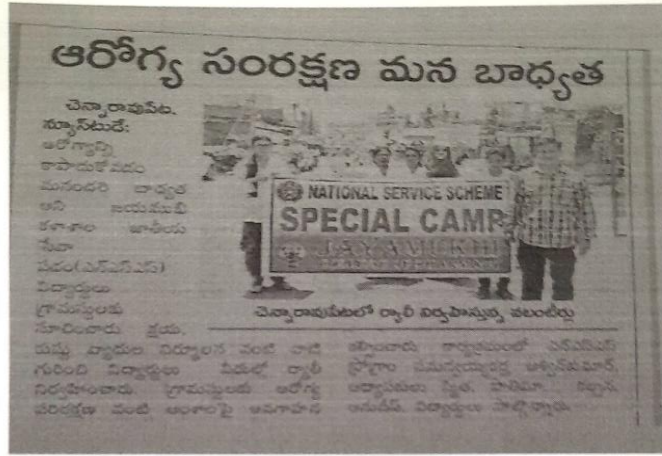

NSS volunteers of JAYAMUKHI College of Pharmacy organised an awareness rally in order to spread awareness about tuberculosis among masses. They emphasised that every section of the society should come forward to dispel myths about the disease. The NSS volunteers held an awareness rally JCP NSS officer T.Ashwin Kumar said tuberculosis, commonly known as TB, is a bacterial infection that can spread through the lymph nodes and bloodstream to any organ in the body. It is most often found in the lungs. He said most patients who are exposed to TB never show its symptoms because the bacteria can live in an inactive form in the body, but tuberculosis bacteria can be activated if the immune system weakens.

Proceedings on Awareness about Road Safety and Early Marriages

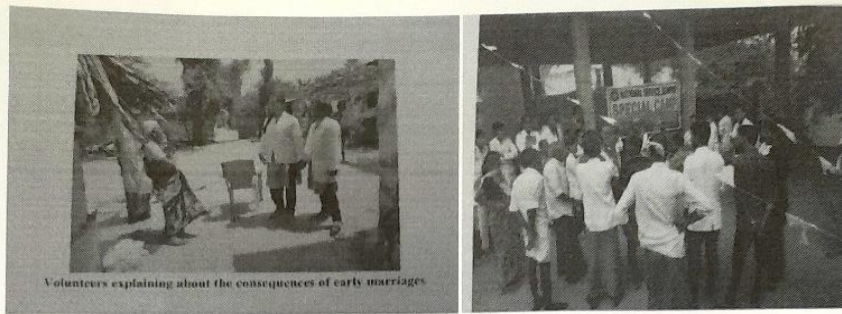

Child Marriages have been eradicated from the society almost. Yet we could see few cases here and there but people are well educated about child marriages and the consequences they have to face by these child marriages. Early marriages are prevailing in the society. A girl can be married if she attains a age of 18 years but it is advised to wait for some more time. As the girl just reaches the adolescent age her mind just get maturity and physically she will be getting ready for a family life, and she should be strong mentally all these can happen if parents can wait for some more time to make the marriage. Many of the statistics says that when there is a lot of age difference between men and women who are going to be married may not develop a successful and healthy relationship between them. Our volunteers have knocked the doors of villagers and explained them about these consequences.

Road safety is the major responsibility of every citizen. As many people are not following the traffic rules they are becoming the victims of road accidents. These days road accidents have increased a lot due to not following the traffic rules. The major reasons for this can be cited as negligence and make drunken drivers Despite of many strict acts laid by Government and RTO authorities many people still drive the vehicles when they are drunk. This not only causes problems to them but also leads to a great damage to others whom the make accident. Wearing of helmet is very good safety measure for the persons travelling on two wheelers. These were deliberated through direct interaction with villagers as well as by taking out rally.

Proceedings on Awareness on Blood Grouping

DT:- 29/3/2019

Jayamukhi College of pharmacy conducted a camp creating awareness on blood grouping and its importance to know the group of their blood at Muqdumpuram. Students have actively participated in this camp and created awareness on importance of blood grouping among community people. People showed more interest to know the vital information about their blood grouping information and donation. Donating blood once in four months is also good for health as it causes the generation of new blood cells which has more activity than older ones. In this program Principal of Jayamukhi college of pharmacy Dr. Vasudeva murthy, program officer T.Ashwin kumar other staff members have participated being supportive to the student volunteers.

Proceedings on Plastic pollution

In regard to the increased use of plastic and being resistant to natural degradation, NSS unit of Jayamukhi College of Pharmacy has conducted a camp creating awareness on the pollution caused by plastic, a great problem the world is facing these days. The attendees were made to know the harmful effects of plastic. They were told to reduce use of single use plastic as it is the primary source for polluting all the elements like Air, water, soil. Plastic is used in household purposes, to carry substances from one place to other, to store things, they have a place even in functions where they were used for dining plates, ice cream cups, water glasses. Plastic pollution can afflict land, waterways and oceans. It is estimated that 1.1 to 8.8 million tonnes of plastic waste enters the ocean from coastal communities each year. Living organisms, particularly marine animals, can be harmed either by mechanical effects, such as entanglement in plastic objects, problems related to ingestion of plastic waste, or through exposure to chemicals within plastics that interfere with their physiology. Effects on humans include disruption of various hormonal mechanisms. This plastic which can be consumed by herbivores animals and remains undigested in their stomach causes severe problem in digestion and cattle may die. As these are still more harmful effects by this plastic we have educated villagers not to use plastic and if used to collect them so that we have offers to exchange the plastic with rice. If the villagers will give us 2 kg of plastic we will give them half kg of rice in return. So that improper disposal of plastic can be stopped. It was a very successful activity and every volunteer has participated actively.

Students explaining the harmful effects of plastic

Students explaining the hazards of plastic use

Newspaper clip in Sakshi

NSS unit of Jayamukhi College of pharmacy conducted a camp in Muqdumpuram village. The objective of this camp was to give awareness among villagers about the single use plastic and protecting the water bodies and environment from plastic pollution. Volunteers and faculty have participated in the camp.

Proceedings on menstrual hygiene at Kammapalli

"Lack of toilets and unawareness about menstrual hygiene has an adverse impact on women health. What we aspire to do is change the mindset of people about menstruation. The initiative stemmed from the need to make women in Indian villages aware about the importance of menstrual hygiene to prevent infections and infertility. Menstruation starts to the girl child when she reaches adolescent age. Women have to take proper rest and proper nutrition during this menstrual period. As there will be loss of blood during this stage they should be very precautions. Maintaining of proper hygienic conditions is also very important to protect their health. As there are chances for getting urinary tract infections women and girl child should maintain good sanitization. Girls don't prefer to use toilets as most of the schools and colleges lack this sanitization, NSS unit has visited ZPSS school Kammapally and created awareness among school students for maintaining proper sanitization. NSS Unit also distributed sanitary Napkins to school students.

Proceedings on Rally and awareness on swine flu

DE:- 23-1-2019

Swine flu or Influenza A (H1N1) flu is the most recent of the pandemic disease that has affected the world's population. We, as health care providers should feel responsible for reducing the transmission of influenza Swine Flu or the Influenza A (H1N1) flu, an acute respiratory disease of the pigs, is caused by one of the numerous swine influenza. The transmission of the virus is from person-to-person and is similar to the manner in which seasonal influenza spreads. The symptoms of this form of virus includes sore throat, chills severe headache, weakness and general discomfort like those of influenza. Persons suffering from chronic meal conditions like heart disease, diabetes etc., and pregnant women are at higher risk for complications from swine flu NSS volunteers and students of Jayamukhi college of pharmacy has organized a awareness rally at Narsampet. 120 students has participated in rally raising slogans and placards. Volunteers knocked each door in the village and explained them about the source of infection and preventive measures to be taken to prevent from spread of swine flu.

PROCEEDINGS ON NUTRITION AWARENESS PROGRAM

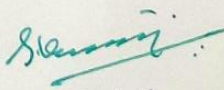

DT: 27-7-2018

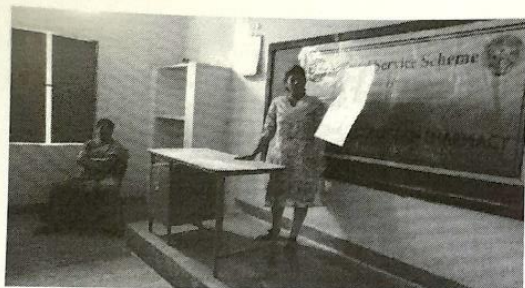

National Awareness Program was conducted at Government pre primary School, Muqdumpuram, Narsampet on 27th July 2018

The main objective of this program was:

- Proper training for the preservation of nutritious materials like fruits, vegetables and other foods at home.
- Students were taught about well-balanced diet with regular physical activity is the recipe for good health.
- Using placards students of Jayamukhi College of Pharmacy projected the importance of different nutrients and their role.
- Students were addressed about improved patient safety and quality of care by raising awareness and increasing knowledge about disease related malnutrition.
- Students are surveyed about their eating habits on the day ("how much of your meal did you eat?") and about the reasons for not eating.
- Using LCD projection students were educated about the proper balance of nutrition.

Proceedings of blood donation camp at Muqdumpuram

Jayamukhi College of pharmacy in association with Red Cross society Warangal has conducted "BLOOD DONATION CAMP" at Muqdumpuram. Students have actively participated in this camp and created awareness on importance of blood donation. Team of 5 members from Red Cross society has attended the camp and explained the importance of blood donation. They said that blood cannot be created artificially so the only way to get blood is from healthy volunteers. Donating blood once in four months is also good for health as it causes the generation of new blood cells which has more activity than older once. Blood donated by volunteers is helpful to those who need them in emergency like during accidents and low blood levels in body. In this program joint secretary TVRN Reddy, Director P.Rangaiah, Principal of Jayamukhi college of pharmacy Dr. S Vasudeva murthy, program officer T.Ashwin kumar other staff members and students has participated and donated their blood.

Menstrual hygiene at Dasarapally village by Dr. Bharathi on 21st December, 2019

Awareness Health Camp was conducted for school girls of 6th to 10th classes of *Dasarapally Unnatha Pathashala*. The facilitators used Telugu and English languages simultaneously to convince the students more effectively. In addition, the facilitators used pictorial images (posters), participatory adult learning tools, and Menstrual Health Management and Hand-washing animated videos aiming for easy understanding by all age groups of students. The students were educated, sensitized and made aware on as follows:

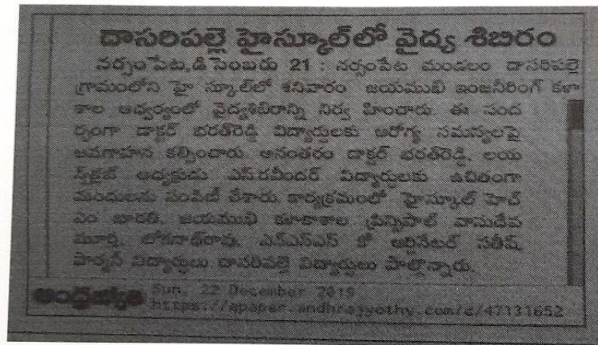

- Students (girls) from senior classes were educated on importance of maintaining quality sanitary toilet, hygienic use of toilet and hand washing with soap will improve their health by reducing the incidence of water borne related diseases.
- Students were educate on menstrual hygiene and make aware on requirement of safe and private sanitation facilities in schools for adolescent girls for the better health results to pursue their education.
- Sensitized the students on importance of good menstrual hygiene management in schools and need of peer-support by boys and male teachers to menstruating girls.
- Educated the students on importance of learning and practicing good menstrual hygiene management: using of preferable sanitary pads, changing the sanitary pads regularly and disposing the used sanitary pads in the pits to prevent from bacterial infections, washing the genital areas and keeping the areas between the legs dry to avoid soreness an chaffing development, and taking balance diet with lots of fruits and vegetables to replace the blood loss and prevent anemia.
- Demonstrated and trained the students on identification of suitable local materials for making safe, affordable and reusable pads and designing and stitching the pads by themselves.

Proceedings of Awareness on habit forming activity

Students in the youth stage are highly prone for the bad habits. To make awareness to college students on aspect we have planned to organize a camp at Ramakrishna Junior college, Narsampet. We have provided guidance to students in various aspects.

Maneesha of Pharm D has explained about the habit forming things which the youth will be attracted mostly. Cigarette smoking will be like a passion in that age but it will be having a very adverse effect to them in later on stages.

Hemika has explained about the harmful effects of alcohol addiction. Students will be much addicted to alcohols because of their teen age. So how to control their mind and divert it on to the productive activities is very important. Even if they find any of their neighbours addicted to alcohol they can be advised to join a rehabilitation center where they can get complete treatment.

**Proceedings on the Rally organized at Laknepally with theme "Safe and effective medicines for all"
on 25th September, 2019**

Due to inappropriate and misuse of medicines causing health hazards, this requires a clinical attention of physicians and clinical pharmacists. Poly-pharmacy and incorrect use of drugs are commonly encountered by the patients' world over. In order to raise awareness among public about implementation of rational use of drugs, NSS unit conducted a rally in Laknepally. While addressing Principal Dr. S. Vasudeva Murthy given a call for appropriate implementation of rational use of medicines. In his communication reiterated to the students to take up pharmacovigilance program and prescription audit. A rally was organized in Narsampet town to create awareness among public.

Dr. G. Anil Kumar in his address given a call for reporting adverse drug reactions to the students of institute. Program was well attended over 200 students of the students along with faculty members of the college.
